of course i'd help you hide a body.

I guess that's one way to breakup with a guy

maybe a little on the violent side, but...

He was an ASSHOLE. He got what was coming to him.

but... bree, what happened?

A whole shitload of shit.

Although.. would it be terrible if I said I don't entirely know?

It's all a bit of a blur right now...

lets get this over with and we'll worry about it later.

you gonna
wipe that blood
off?

...

Mmm.
IN A BIT.

Sorry I think I
just...

didn't realize it would be
this fucked up feeling?

He was terrible to me.

I shouldn't miss
that loser...

But it's over and my life
is going to be completely
different from now on
without him.

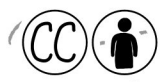

HEY.

you lost
someone important
to you.

someone you thought
you could trust.

everyone experiences grief
differently. besides, not everything
is different. you still have me,
bozo!

how to be a SOLARPUNK

"SolarPunks" believe that we can create a better future together.

One where we all thrive without damaging the planet or its people.

Maybe you've wanted to join in on the fun!

But what if you don't know where to start?

"I want to be a SolarPunk!"

JUST DECIDE!

You can start *today*, wherever you are!

"Being a SolarPunk" is all about making DECISIONS. In our lives, there are some options that are "more" or "less" aligned with the SolarPunk ethos.

To be a SolarPunk, choose the best aligned option as often as possible.

Not everyone will agree on what "the most SolarPunk" option is in a situation.

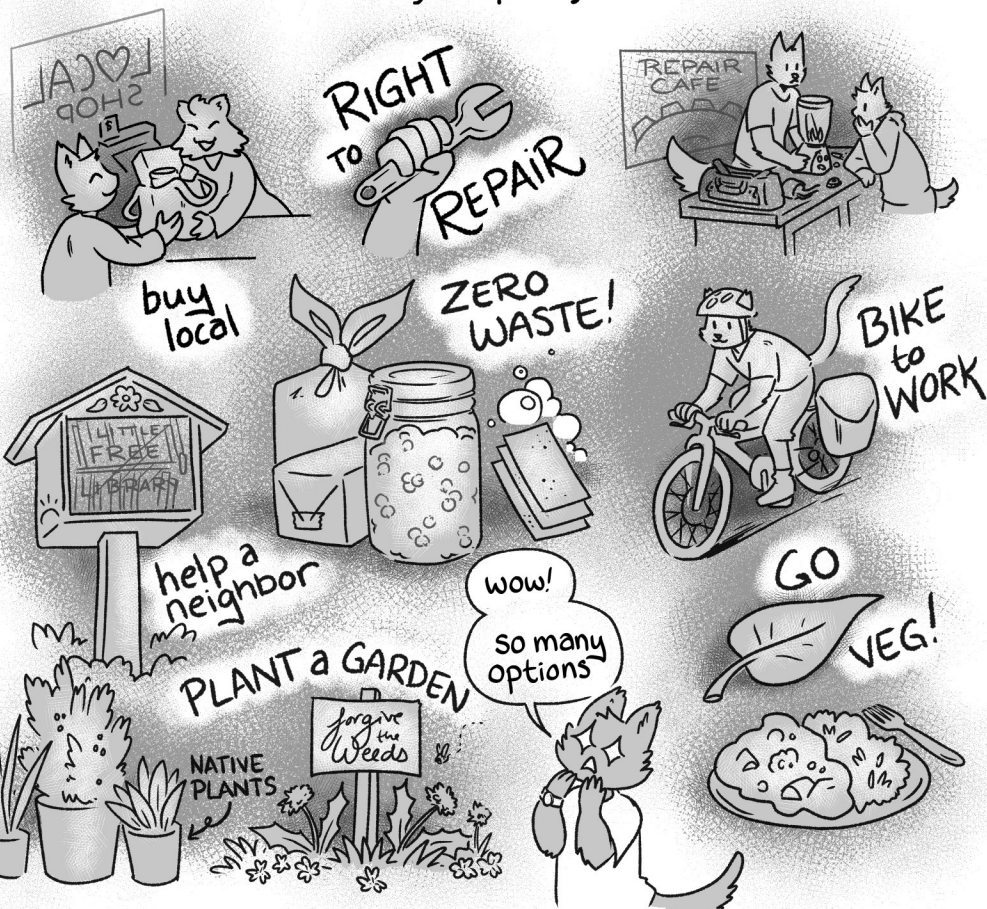

But learning to disagree and compromise for the greater good of all is PART of being a SolarPunk.

You don't need to dress, work, or eat a certain way, or live in a certain place. SolarPunks can be ANYONE and can start their practice from ANYWHERE!

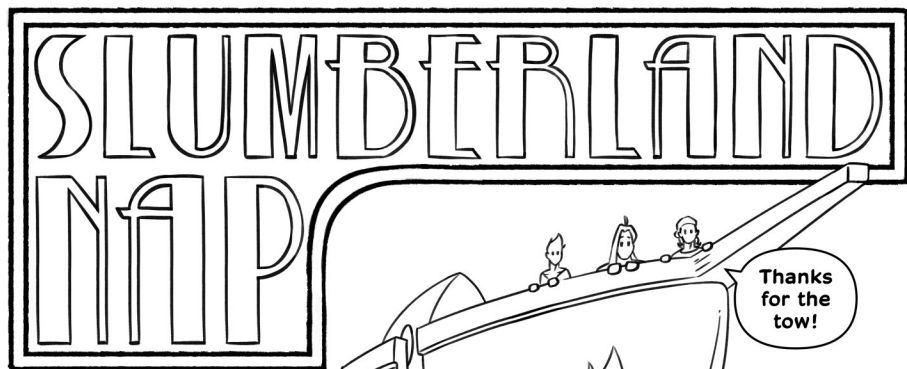

There are lots of ways to start your journey to being more SolarPunk. Try them out bit by bit, and don't worry about doing them all at once. Before you know it, your whole life will start transforming into something completely new!

When millions of SolarPunks are all working together, we can be sure we'll create a world where both the people and our planet will be able to heal and flourish.

Given the **Creative Commons Organization's (CC)** position regarding AI - that it is inevitable and, since scraping by AI companies is in theory working within copyright law, **CC** has to acquiesce -, Fodongo will be adopting new licenses for the works included in it. **MIT-0** and **MIT** will be added as defaults instead of **CC0** and **CCBY**, and **FAL** will be the default instead of **CCBYSA**. Starting on issue 18 the zine itself will be **FAL**, which is compatible with all licenses used so far, and an equivalent of **CCBYSA**. Artists contributing to the zine are still welcome to use compatible **CC** licenses if they choose to do so, but Fodongo will encourage other licenses instead of **CC**. Thanks as always for your support and attention.

Fodongo: A Free-Culture Comics Zine is under a CC-BY-SA 4.0 License, except when otherwise stated. Comic authors retain rights over their comics, which may be released under a different license than the zine.

Go make some derivative works and share it as much as you want!
