Back for more comic goodness

Whether you're back for round two or this is the first time we meet, I want to thank you for picking up this issue of **Fodongo**.

This time around you can enjoy another short horror comic by **Zach Acherman**, which might finally get everyone to stop watching TV; a delightfully cute instruction manual by a 22 month old toddler (and **Sharvari Shah**); a battle for the ages between a feline and a robot, by **Amanda S. Rovaron**; and the continuing adventures of the *Magical Singing Frog*, by myself.

Thanks again to all the artists contributing to this issue. This project would not be possible without their talents and awesomeness.

And thank you, again, reader, for checking this project out and supporting independent comics and Free Culture.

If you know of anyone who would enjoy this, point them to the website! Or send them this issue! Or print it and share it with them! There are way more comics to come, so stay tuned, and enjoy!

As an immigrant, it has been an incredible journey both for my career and my personal life being able to work on the craft in different countries and with so many ethnicities from all over the world.
